NOTE FOR: D/SOVA

Doug,

Regarding the SOVA research program, for each of the following subjects I would like two separate pieces of paper. The first would list the papers we are projecting in FY-87. The second set would list papers completed in the last year or two.

The subjects are:

- o Soviet strategic posture and likely new initiatives (respond to DCI/DDCI comments re macro-Soviet outlook papers, what they'll do next in Third World, and effect on Soviets of US willingness to use force).

- o Arms control.
